

Interdisciplinary science symposium at Tsukuba

Graduate School of Pure and Applied Sciences University of Tsukuba

Date : Tuesday, June 29, 2010

Time : 11:00-17:45

Place : D509, Graduate School of Mathematical Sciences, Tsukuba University
(Tenodai 1-1-1 Tsukuba, Ibaraki 305-8571 Japan)

Invited speakers:

1. 11:00-12:00

Goro Kato (Professor of California Polytechnique University)

Title: **U-singularity and t-topos theoretic entropy**

2. 13:45-14:45

Takeyoshi Kogiso (Associated Professor of Josai university)

Title: **On polynomials which satisfy local functional equations**

3. 15:15-16:15

Kazuo Nishimura (Professor of Kyoto University)

Title: **Non-linear dynamics and economics**

4. 16:45-17:45

Hiroaki Nakamura (Professor of Okayama University)

Title: **Cardano-Ferrari and Elliptic functions revised**
